STRIKING MINERS TERRORIZE BIG DISTRICT

BOOSTERS' CRUISE TO HAWAII

Coast Chambers of Commerce Plan Round-Pacific Voyage This Fall

On the most elaborate tour ever undertaken by commercial bodies, the Associated Chambers of Commerce of the Pacific Coast will send 150 businessmen to Honolulu in a specially chartered steamer, to promote trade relations, boost the San Francisco exposition and exploit the advantages of the Panama canal.

News of the forthcoming cruise which is to include every important port in the Pacific and in which Honolulu is the first objective point, reached this city yesterday from the coast Secretary H. P. Wood of the Chamber of Commerce, asked about the plan this morning stated that he had heard of it while on the coast recently but that it had not progressed far enough to make the report authentic. He immediately cabled to the San Francisco Chamber of Commerce to learn whether or not the plans are definitely settled.

The plans have now progressed so far that those in charge have picked the steamer for their cruise, and are negotiating with the officials of the Alaska Steamship Company at Seattle for the vessel, the steamship Victoria, which has been in Hawaiian waters and is finely fitted for excursion purposes. The steamer is to be chartered to sail from San Francisco on November 15, touching first at Honolulu, then visit Hilo during its Pacific cruise.

The Chambers of Commerce of San Francisco, Los Angeles, Portland, Oakland and Seattle will participate in the cruise and it is expected that about 150 business and commercial men, accompanied by members of their families, will make the voyage. It is planned to visit Honolulu, Auckland, Wellington, Christ Church, Melbourne, Sydney, Brisbane, Manila, Hongkong, Shanghai, Kobe, Osaka and Yokohama, returning by way of Seattle.

Vice President R. W. Baxter, of the Alaska Steamship Company, offered the steamship Northwestern for the

Pratt To Represent Hawaiian Islands At Hygiene Congress

DR. J. S. B. PRATT,
President Board of Health.

That Dr. J. S. B. Pratt, president of the Territorial Board of Health, will represent Hawaii at the International Congress of Hygiene and Demography at Washington, D. C., the latter part of this month, is now regarded as quite certain. This probably will be determined within the next few hours, and he probably will leave Honolulu September 11.

It is principally a question of finance and whether his presence will be desired by Secretary of the Interior Fisher during the latter's visit here. That, however, can be ascertained after Secretary Fisher's arrival. It is thought the Secretary will desire Dr. Pratt's attendance at the Congress more than his presence here, and that he will consider it a part of the Territory's duty to have a representative at the big gathering at the national capital.

The International Congress will be attended by scientists and representatives of twenty-six foreign governments, as well as representatives from every state in the Union. Among the questions of large importance to Hawaii which are to be discussed at the sessions will be that of sanitation and health in the Panama Canal Zone. Because the climate and general conditions pertain to Hawaii and because a large percent of the laborers now employed there may be brought to this Territory at the conclusion of their job on the Big Ditch, these discussions are expected to prove a source of highly

HILO LABOR DAY SPEAKER HITS IMMIGRATION

Union Movement to Change the Present System Is Urged

ORGANIZATION ASKED TO LET PARTIES ALONE

Attack on Filipino Laborers Is Made by Bonnenberg, who Suggests Boycott

[Special Star-Bulletin Correspondence]

HILO, Sept. 2.—In a speech during the course of which he bitterly attacked the present system of immigration to the Territory and the class of immigrants who are being brought here, John Bonnenberg, the veteran politician, seemed to find a sympathetic note among the members of the Hilo Labor Union who met in the Y. M. C. Hall this morning to celebrate Labor Day. It was originally planned to hold a procession, but the weather was threatening and the idea was abandoned in favor of a meeting in the hall and speeches.

Bonnenberg bitterly attacked the system of immigration in vogue here at the present time, and under which what he terms the lowest class of Asiatics are being brought into the Territory to work in competition with citizens. "One of our main ideas," he stated, "is to elevate humanity. Can we do this when people are shipping into this country month after month the lowest class of Asiatics? When they are bringing in here to place in competition with us a lot of naked humanity? I tell you we can not do it."

He dwelt on a case that had come to his knowledge when a shipment of Filipinos had arrived at Hilo most of whom were practically naked. Proposing what amounts practically to a boycott of Filipino labor, and asking the members of the union to stand together and pay a citizen more wages rather than have the work done by Filipinos at a cheaper cost, he wound up with: "In order to stop this infamous immigration we will have to stand together. We will have to vote together."

The tone of the meeting generally was to keep the union as a separate unit in the coming political campaign. The members were unanimous in their opinion that they should stand together and vote together. At

Southerland Head Of Forces in Nicaragua

REAR ADMIRAL W. H. S. SOUTHERLAND

Disturbances in Central America May Prevent Review of the Pacific Fleet

The plans for a great naval demonstration by the fleets of the United States simultaneously at San Francisco, Manila and New York on October 14 and 15, may be upset as far as the Pacific fleet's part in the program is concerned, through the trouble in Nicaragua. Rear Admiral Southerland, in command of the Pacific fleet, is now at Nicaragua, where he is in command of the United States forces, soon to number 2000 marines.

According to advices received here this morning, if the uprising in Nicaragua continues, the Pacific fleet, with Southerland, will be headed off Central America at the time set for the review. The demonstrations on the Atlantic as planned will follow the program of exercises of the Atlantic fleet, now in progress off the coast of New England. The vessels will assemble in the lower Hudson river at New York for review by President Taft and the Secretary of the Navy. The new naval monsters, Arkansas and Wyoming, the latest additions to the navy, will be commissioned in time to take part.

Taft to Review Fleet. The president and his guests, including prominent officials and members of the diplomatic corps, will review the fleet from aboard the Ar-

kanzas, and Rear Admiral Osterhaus, commanding the fleet, will use the Wyoming as his flagship. In number and tonnage the fleet will exceed that which was reviewed in the same waters last year. In addition to the new ships it will include the vessels of the Atlantic reserve fleet and the torpedo and submarine flotillas. Arrangements for the review are now being made by the officials of the Navy Department and the officers of the fleet.

Plans To Differ This Year. It is said that the plans of assembling and review will be materially different from the ones carried out at the demonstration last November.

It is said that the plans of assembling and review will be materially different from the ones carried out at the demonstration last November. According to the estimate made at the Navy Department, there will be about 120 vessels gathered in New York harbor. This is approximately 21 more ships than were present at the great demonstration last November.

The rendezvous of the Asiatic fleet is dependent upon the conditions then prevailing in China, it was said at the Navy Department today. At San Francisco about fifty vessels may be called together under command of Rear Admiral Southerland. The Asiatic fleet will assemble approximately twenty vessels, under command of Rear Admiral R. F. Nicholson.

SAHM, LAST NAVAL OFFICER TO QUIT LIGHTHOUSE SERVICE

Lieutenant Retires as Inspector and Will Report to Battleship

At noon today the last United States naval officer to hold the post of lighthouse inspector was relieved from that duty. Hawaii has the distinction of having the last naval officer as the head of a lighthouse district, Lieutenant Leo Sahm being the man to relinquish command of the Nineteenth district.

About two years ago the government decided to withdraw all naval officers from duty with the lighthouse service, and return them to

actual navy service, whether afloat or ashore. One by one the inspectors were withdrawn, until Lieutenant Sahm alone remained. Bravely he stood on the burning deck of the Kukul whence all but he had fled, and finally, a week ago, an order came along deaching him, and sending him to the cruiser South Dakota as chief engineer officer.

The new head of the Nineteenth district is Arthur E. Arledge, who has been here for two years past as superintendent of construction. Mr. Arledge is well qualified for the important post, having been in the lighthouse service a number of years.

MEETING ON FRUIT FLY IS CALLED OFF NOW

The Chamber of Commerce has recalled the announcement of a special meeting of the board of trustees tomorrow afternoon to discuss the fruit fly situation. The statement of Dr. C. L. Marlatt, chairman of the Federal horticultural board, who is now in Honolulu, that no change in the present fruit quarantine regulations is contemplated, and that it will not be necessary for Hawaii growers and interests to be represented at the hearing before Secretary of Agriculture Wilson, has precluded the necessity of tomorrow's meeting. Dr. Marlatt could not be present anyway, as he is going to Hilo by tomorrow's steamer.

Most men are willing to qualify as reformers—if they are allowed to pick out the starting point.

J. WALKER GIVEN ROCKY HILL CONTRACT

J. Walker, on a bid of \$18,000, gets the contract for constructing the Rocky Hill reservoir. Tenders for this contract were rejected several weeks ago because all were regarded as too high by Superintendent Campbell of the Department of Public Works. All were \$21,000 or more.

The other tenders submitted at noon today were F. Harrison, \$22,000; George E. Marshall, \$21,000; Pacific Engineering Co., \$20,450, and A. P. McDonald, \$20,800.

Three sizes, 25 cents, 50 cents, and \$1.00. Sold only at our stores or by mail. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Benson, Smith & Co., Ltd., Fort and Hotel Sts.

ARMED STRIKERS RULE BY FORCE

Cut Telegraph And Telephone Wires--West Virginia District In Chaos

[Special Star-Bulletin Cable]

CHARLESTON, W. Va., Sept. 3.—Martial law has been proclaimed in the coal mines here because of a strike of great proportions and alarming nature that has broken out among the miners. Five thousand men are said to be on strike and have armed themselves for action. All telegraph and telephone wires leading out of the district have been cut. The strike is the culmination of a series of labor troubles, during which the miners have been secretly organizing. A reign of terror has settled over the district.

Becker Refuses To Plead

[Associated Press Cable]

NEW YORK, N. Y., September 3.—When Lieut. Charles Becker of the police force was taken today to plead before Justice Goff to the charge of complicity in the murder of Herman Rosenthal, the gambler, the man who is accused of profiting by more than a half million dollars in the operations of the "graft syndicate" refused to enter a plea. Justice Goff thereupon caused a technical plea of not guilty to be entered for him. The beginning of his trial is set for September 12.

Convicts Riot, Militia Called

[Associated Press Cable]

JACKSON, Mich., September 3.—Rioting among the convicts in the penitentiary here became so fierce today that both the local militia and the firemen were summoned to subdue the outbreak. One convict was killed in the ensuing fight.

Elections In Progress

[Associated Press Cable]

SAN FRANCISCO, Cal., September 3.—The State primary elections are in progress here today.

MONTPELIER, Vt., September 3.—The gubernatorial election today is absorbing political attention.

COLUMBUS, O., September 3.—Voting is in progress today on the constitutional amendments.

Wool King Pleads Not Guilty

[Associated Press Cable]

BOSTON, Mass., September 3.—President W. M. Wood of the American Woolen Company, indicted for alleged complicity in the dynamite explosions during the Lawrence strikes last year, today pleaded innocent. He has been released on \$5,000 bail.

Arbitration Report Denied

[Associated Press Cable]

LONDON, Eng., September 3.—The foreign office today officially denied yesterday's announcement that Great Britain would demand arbitration at The Hague of the Panama canal controversy.

Pittsburg's Dead Now Forty

[Associated Press Cable]

PITTSBURG, Pa., September 3.—Forty are now known to be dead as the result of the floods.

EYE-WITNESS TO MURDER REFUSES TO TESTIFY

[Special Star-Bulletin Cable]

LIVERPOOL, Eng., Sept. 3.—Thomas Coupe, an eyewitness to the Rosenthal murder, has been located here by the U. S. authorities, but refuses to return to the States to testify unless extradited.

REBEL FORCES CAPTURE SMALL TOWN IN MEXICO

[Special Star-Bulletin Cable]

EL PASO, Tex., Sept. 3.—Rebel troops have captured Ojinaga, taking provisions, arms and ammunition, and General Sanchez, the federal commander, has fled.

Guardsmen Given \$2.50 For Five Days Hard Labor

Territory Fails To Pay Militia Who Are Expected To Aid In Defense

Yesterday afternoon the First Infantry, National Guard of Hawaii, broke camp at Moanalua and marched back to town, falling out at the Army after having been doing duty in the field since last Wednesday night. All the men, with the exception of the Maui companies, were paid off, receiving the Federal pay only, and getting no added compensation from the Territory, as has been the case in former years. The Maui men received their stipend this morning.

There has been considerable grumbling over the cut in pay this year,

and the guardsmen as a whole fail to understand why they should not get the money which has always been promised them. Heretofore the Territory has paid out of the contingent fund \$1.50 to each private, to bring the minimum compensation up to \$2 per day, when the Federal stipend of 50 cents is counted in. The money which would have been coming to the militia for this year's encampment was used up in the mosquito campaign last year, at the time of the yellow fever scare. There is considerable dissatisfaction, the pay mix-up taking the edge off an otherwise successful camp, and there is a good chance that enough pressure will be brought to bear to secure the passage

"NOT PREPARING EVIDENCE FOR FISHER," SAYS GOVERNOR

Fear Busy Finishing Annual Report, but Not Filing Statistics

Governor Frear denies the report that he is preparing statistics and statements calculated to defend his administrative actions in the coming inquiry to be instituted by Secretary of the Interior Fisher. On the contrary, he asserts he is making no arrangements to produce evidence for the government official and will prepare none until it is asked by the latter or charges preferred by the Governor's enemies seem to warrant it.

However, in preparation for Fisher's visit, two stenographers and three typewriting machines have been brought into use on the Governor's annual report, which he expects to have completed by Thursday, the day before the Secretary of the Interior's arrival.

It is possible that a copy of this may be placed in the Secretary's hands, and that some of the charges expected to be brought against the administration may be answered by the official statements set forth in this report.

Other arrangements for this important visit and its attendant business, even though tentative, must be held in abeyance until definite word comes from Fisher. This information may not be obtained until he reaches the city. It is thought he may desire to establish headquarters for his inquiry. If he does, either the office of the Territorial Secretary or the Senate chamber in the government building will be placed at his disposal. It is not known whether he will desire a transcript of the evidence, or whether his private secretary will attend to that feature of the business.

BENCH AND BAR MEMORIAL FOR JUDGE HARTWELL

Supreme Court Will Meet Tomorrow Morning in Senate Chamber

With the justices of the Supreme Court of Hawaii assembled in solemn session, honor will be paid to the memory of the late Judge A. S. Hartwell by his associates of the bench and bar tomorrow.

At 10 o'clock in the morning the Supreme Court justices will sit in the Senate chamber, which is to be utilized because of the small size of the courtroom and the fact that the services will be open to the general public. The program for tomorrow's commemoration has been completed and was announced today by President F. E. Thompson of the Hawaiian Bar Association. President Thompson will present a memorial resolution for the Bar Association, Federal Judge Sanford B. Dole will speak, representing the bench of Hawaii, and City and County Attorney John W. Cathcart will speak for the bar. Attorney-General Lindsay will be the next speaker, to be followed by the Hon. Cecil Brown and C. W. Ashford, whose addresses will be along personal lines. This will end the memorial program.

ARTILLERYMEN OUT TO PRACTICE WITH SIEGE GUNS

The 105th Company, Coast Artillery Corps, Captain Johnson commanding, started this morning to hike from Fort Ruger to Schofield Barracks, there to be in camp for ten days, receiving instruction in serving the big siege guns. Lieutenant Pratt, district quartermaster and commissary, accompanied the column.

The siege guns and howitzers will be fired on Thursday, September 12. This will be the first time that either style of ordnance has been fired in Hawaii, and artillery officers of both branches are looking forward with interest to the tests. The 105th will be away from Ruger for two weeks, and on its return the 159th, commanded by Lieutenant Vaughan, will take its place at the Schofield instruction camp.

There are eight 5-inch siege guns and four 7-inch howitzers at Schofield. Two shots are allowed per piece for the practice firing, but only two pieces will actually be fired, each company firing eight shots from one siege rifle, and four from one howitzer. The theoretical and practical part of siege-gun work will be taught, and the men instructed in making the proper earth emplacements.

DANCE AT MOANA TOMORROW NIGHT

The management of the Moana Hotel announce a dance to take place Wednesday evening, September 4th, in honor of the first-cabin passengers of the transport Logan. Local Army and Navy and society folk are cordially invited.
